CONVENT of MARY IMMACULATE

KEY WEST, FLORIDA

A Boarding and Day School
for Girls; An Ideal Location

THE Convent of Mary Immaculate, situated at a convenient distance from the heart of the city, commands a view of the majestic ocean, and is an ideal spot for the successful pursuit of study. It traces its origin to the year 1868, when five pioneer Sisters of the Holy Names, of Hochelaga, Canada, at the request of Rev. Father Allard, came to Key West, to open a school for girls. For seven years, the Sisters taught in a two-story building on Division street. In 1875, they erected the main building of the present convent whose harmonious architectural lines are so well known to residents of Key West, and so justly admired by strangers.

Year by year, the school has steadily advanced in every department, until it has now become an institution that ranks among the best equipped and best patronized educational establishments in the South.

The aim of the Convent faculty is to impart an education at once comprehensive and practical.

All the branches that constitute the ordinary training of women are carefully taught by competent instructors. Pupils are prepared with a view to the position in life to which they aspire, and are taught to cultivate every Christian virtue and womanly grace indispensable to the true mistress of the home. Religion receives the prominence due to it as the sure source of those virtues that give fragrance to life here below, and title to happiness hereafter. No undue influence, however, is brought to bear upon the religious convictions of non-Catholic students. The system of education is so arranged as best to cultivate the heart, develop the mind, train the hand, and refine the character.

Special stress is laid upon the laws of etiquette, which in reality receive their force and sanction from the sweet inspiration of religion. Instructions in politeness are given regularly and infractions of the rules of courtesy are promptly but kindly corrected. In this way, by practice as well as by precept, are engrafted upon young minds and hearts the habits of refinement that are so desirable for their own sake and are so essential to real success in life.

Academic, Normal, Commercial, Music, Art, Needlework and Kindergarten courses are open to pupils. Gold medals are awarded upon the satisfactory completion of all the courses destined for seniors. The school term extends from the first week of September to the last of June. The Alumnae Association of the Convent includes in its membership many of the most prominent women of the city, both Catholic and non-Catholic.

The Sisters are also in charge of St. Joseph's School for boys, and of St. Francis Xavier's for colored children. Both schools have a large attendance.

YOUR OWN NEWSPAPER

**THE
KEY WEST
CITIZEN**

This newspaper belongs to the people of Key West. It is theirs to use for their own benefit. It is glad to serve them at all times and solicits items of news from all classes.

If you have a visitor; if you are going on a trip; if a friend or neighbor is going away; if you know of a death, wedding, birth, party or any item of interest—call up No. 51 and tell us about it. We will be glad to print it for you.

If you lose something, or find something, or want a position, or want a servant, send in your ad. It will cost you nothing.

If your lodge, society or club has an entertainment or elects officers or gives a social affair of any kind, call us up or send in an account of it.

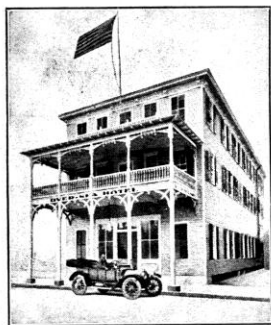

We are giving you a good paper for only TEN CENTS a week. We will make it still better if you will help us.

If you like the paper, tell your friends. If you can suggest a way that we can make it better, tell us.

**Remember THE CITIZEN is YOUR
Paper—Do Not Hesitate to Use It**

PREFACE

The publishers take pleasure in presenting this, the third edition of the Key West City Directory. The work since its inception has been in the hands of trained and experienced workers and we are confident that an unusual degree of accuracy has been reached in this volume.

In addition to giving the names of all persons over sixteen years of age, commencing with this volume, the given name of all married women will be made part of the information in the Directory, the wife's name appearing in parentheses immediately following the name of her husband. This will be a permanent feature and the value is apparent. For several reasons it was not found practicable to include the wives' names of the colored population this year, the letter "m" in parentheses, thus: (m), indicating that the person after whose name it appears is married.

FACTS ABOUT KEY WEST, FLA., THE GATEWAY TO THE PANAMA CANAL.

The Over-Sea Railroad to Key West was opened January 22, 1912.

Key West is the nearest United States port to the Panama Canal, the distance being only 1,075 miles.

It is 445 miles nearer Panama than Pensacola.

It is 475 miles nearer Panama than Mobile.

It is 495 miles nearer Panama than New Orleans.

It is 600 miles nearer Panama than Galveston.

Key West is the terminus of the Florida East Coast Railway and, because of its great advantage in location will derive more benefit in increased commerce from the opening of the Panama Canal than any other American port. This is shown by the inauguration of a passenger steamer service from Key West to Colon on January 7, 1913, carrying the U. S. mails.

Key West is the gateway from the United States to Cuba, Central and South America.

Key West has the finest natural harbor on the Gulf, capable of berthing the navies of the world when the projected improvements are completed.

Key West's cigars are world famous and are superior to any manufactured elsewhere in the United States. Being made under climatic conditions identical with those of Havana, they are fully equal to the best Cuban product. Cigar factory employes are skilled workmen and command high wages.

Key West in the "American Gibraltar," defending the Gulf of Mexico, its position making it the logical point for the country's greatest naval base.

Key West is one of the most important Naval Stations in the country, with a coaling station, machine shops, ample docking facilities and a new marine railway. Other important additions to the station are under way.

This Naval Station has one of the most powerful wireless telegraph plants in the world, capable of communicating with the Panama Canal Zone direct.

Key West is the winter rendezvous of a fleet of torpedo boats and many battleships and other naval vessels call during the year.

Key West is an important Coast Artillery post, strongly fortified, and plans have been drawn for the establishment of a new, modern post at Fort Taylor, on the southwestern side of the island.

Key West is the headquarters of a large sponge-gathering fleet.

The climate of Key West is cooler in summer and warmer in winter than that of any other city. Frost was never known here.

Key West is one of the most healthful places on the globe and the death rate is remarkably low.

Key West has now 25,000 people. It is conservatively predicted that this will be doubled in five years or less.

Key West Also Has

Immense shipping interests, local, coastwise and foreign.

The only exclusive turtle soup canning factory in the world.

An extensive box factory.

A large fishing industry.

More than five miles of paved streets.

Splendid school facilities, both public and private.

Churches of all denominations, with many handsome places of worship, including Catholic, Protestant and Jewish.

Two strong national banks.

Two government hospitals and one private hospital.

An efficient paid Fire Department and a large corps of Volunteer firemen, second to none in the United States.

Fine sea bathing the year round.

Several good bands and orchestras.

Unexcelled boating facilities with opportunities for delightful excursions to the surrounding keys.

An efficient street railway and electric lighting service.

A modern new gas plant.

A fine, hard surface driveway, called the County Road, running the entire length of the island.

An excellent telephone system and cable connections.

More points of unusual interest than any other city in the South.

Two daily and three weekly newspapers.

Key West Will Soon Have.

A system of docks capable of berthing 40 ships, each 400 feet in length, with corresponding railway terminal facilities.

A new \$500,000 government building, the bill for which has been favorably reported in Congress.

A fine public park.

Several new cigar factories are about to move to Key West from other cities, on account of the superior advantages offered here.

Population.

This issue of the Directory contains 8,606 names. By using the multiple 3 to allow for women and children, whose names do not appear, a population of 25,818 is indicated for the city of Key West.

In conclusion, the publishers desire to extend their hearty thanks to the business men and citizens in general for their patronage and co-operation, without which a creditable publication would be impossible. Respectfully,

R. L. POLK & CO., Publishers.

EXPLANATION OF STORM SIGNALS—Concluded

The pennants displayed with the flags indicate the direction of the wind; red, easterly (from northeast to south); white, westerly (from southwest to north). The pennant above the flag indicates that the wind is expected to blow from the northerly quadrants; below from the southerly quadrants

By night a red light indicates easterly winds, and a white light above a red light westerly winds

Hurricane Signal—Two red flags with black centers displayed one above the other indicate the expected approach of tropical hurricanes and also of those extremely severe and dangerous storms which occasionally move across the Lakes and northern Atlantic coast

Night hurricane signals are rockets

WM. R. PORTER GEO. W. ALLEN
The PORTER-ALLEN CO.
OFFICE OVER 1st NAT'L BANK TEL. 1

“Now Listen

“There are 25,000 people living in Key West, and those 25,000 people buy as many goods, perhaps, as any other similar number of people anywhere.

“You can do business in Key West without advertising, but you cannot do the greatest amount of business that it is possible for you to do, unless you advertise in the Key West Morning Journal.

“The Morning Journal has a larger net paid circulation IN KEY WEST than has any other newspaper published. (See Government statements for April 1, 1914.)

“The Morning Journal is THE NEWSPAPER in Key West, and you need its advertising space if you expect to do business here.”

J. L. WATROUS,
President and Treasurer.

J. A. WILLIS,
General Manager.

Faculty of twenty college trained teachers, all of whom are
specialists in their respective departments.

Course covers fourteen years and the graduates are admitted
by certificate to all leading colleges and universities.

School of Music Unsurpassed in Florida.

Kindergarten Course of Two Years. Children brought to
school in wagon under care of teacher.

Considering the standing of the school, tuition rates are the
cheapest in the city.
