Preserving history...one story at a time...

Yesterday Press is dedicated to reprinting titles that are in the public domain and offering them to the public in order to share history and preserve the stories and records of the past. All reprints are carefully matched against the originals and with the exception of minor font and formatting changes to fit the current day, all spellings, punctuation, paragraph breaks, chapter headings, etc. are preserved from the original.

CONVENT of MARY IMMACULATE

KEY WEST, FLORIDA

A Boarding and Day School
for Girls; An Ideal Location

THE Convent of Mary Immaculate, situated at a convenient distance from the heart of the city, commands a view of the majestic ocean, and is an ideal spot for the successful pursuit of study. It traces its origin to the year 1868, when five pioneer Sisters of the Holy Names, of Hochelaga, Canada, at the request of Rev. Father Allard, came to Key West, to open a school for girls. For seven years, the Sisters taught in a two-story building on Division street. In 1875, they erected the main building of the present convent whose harmonious architectural lines are so well known to residents of Key West, and so justly admired by strangers.

Year by year, the school has steadily advanced in every department, until it has now become an institution that ranks among the best equipped and best patronized educational establishments in the South.

The aim of the Convent faculty is to impart an education at once comprehensive and practical.

All the branches that constitute the ordinary training of women are carefully taught by competent instructors. Pupils are prepared with a view to the position in life to which they aspire, and are taught to cultivate every Christian virtue and womanly grace indispensable to the true mistress of the home. Religion receives the prominence due to it as the sure source of those virtues that give fragrance to life here below, and title to happiness hereafter. No undue influence, however, is brought to bear upon the religious convictions of non-Catholic students. The system of education is so arranged as best to cultivate the heart, develop the mind, train the hand, and refine the character.

Special stress is laid upon the laws of etiquette, which in reality receive their force and sanction from the sweet inspiration of religion. Instructions in politeness are given regularly and infractions of the rules of courtesy are promptly but kindly corrected. In this way, by practice as well as by precept, are engrafted upon young minds and hearts the habits of refinement that are so desirable for their own sake and are so essential to real success in life.

Academic, Normal, Commercial, Music, Art, Needlework and Kindergarten courses are open to pupils. Gold medals are awarded upon the satisfactory completion of all the courses destined for seniors. The school term extends from the first week of September to the last of June.

The Alumnae Association of the Convent includes in its membership many of the most prominent women of the city, both Catholic and non-Catholic.

The Sisters are also in charge of St. Joseph's School for boys, and of St. Francis Xavier's for colored children. Both schools have a large attendance.

Where does your Advertising go?

When your advertising matter goes out hit or miss to any old sort of a list of names, there's bound to be tremendous waste.

Polk's lists are different—because they are based on original data—the data that goes into *Polk's* 400 City, County, State and National Directories. Directory publishing is our principal business.

98% delivery is guaranteed on our lists—can you ask for any better proof of efficiency?

Form letters—well executed—command attention. We do addressing, multi-type-writing, filling in, folding, enclosing and mailing.

EXPLANATION OF STORM INFORMATION AND HURRICANE SIGNALS

Storm Signal—A red flag with a black center indicates
that a storm of marked violence is expected

The pennants displayed with the flags indicate the
direction of the wind; red, easterly (from north-
east to south); white, westerly (from southwest
to north). The pennant above the flag indicates
that the wind is expected to blow from the north-
erly quadrants; below from the southerly quad-
rants

By night a red light indicates easterly winds, and a
white light above a red light westerly winds

Hurricane Signal—Two red flags with black centers
displayed one above the other indicate the ex-
pected approach of tropical hurricanes and also
of those extremely severe and dangerous storms
which occasionally move across the Lakes and
northern Atlantic coast

Night hurricane signals are rockets

Where does your Advertising go?

When your advertising matter goes out hit or miss to any old sort of a list of names, there's bound to be tremendous waste.

Polk's lists are different—because they are based on original data—the data that goes into Polk's 400 City, County, State and National Directories. Directory publishing is our principal business.

98% delivery is guaranteed on our lists—can you ask for any better proof of efficiency?

Form letters—well executed—command attention. We do addressing, multi-type-writing, filling in, folding, enclosing and mailing.
